Broker application checklist

We want to make sure that we provide outstanding customer service.

It is important that you provide us with the documentation that we need to assess your client's mortgage application. To help you to help us please complete and attach this checklist to the front of each application when Packaging.

It may be necessary for us to return applications without assessment if any of the documents required below are not supplied at the outset.

Given the International nature of our clients we recognise that various types of documentation can be supplied to satisfy our requirements. If you are unsure about the documentation we need please call us to discuss.

As part of our commitment to protect existing and potential new customers from the risks of fraud and to ensure we comply with our legal obligations under the relevant money laundering legislation, there is a requirement to verify the identity of applicants for ALL new accounts that are opened. If you are unsure of our customer identification requirements please call us.
