UK Mortgage Application | Proof of Identity

1 | What documents we need

We require the following to confirm the applicant's identity.

Passport

Your mortgage specialist can provide more guidance if this document is not available.

The document should:

- be current, valid and in date
- have a photograph which is a true likeness of the applicant
- have a signature – if this has changed since the document was signed please complete a change of signature form

2 | How to send us Proof of Identity documents

Option 1 | HooYu

Once the application documents are submitted your Mortgage Specialist will send a HooYu link directly to the applicant requesting they upload their documents.

If you are using HooYu, you do not need to upload anything to the Broker Portal.

HooYu is NatWest International's identity verification partner which encrypts the connection to keep data secure. All details are permanently deleted from the HooYu platform when we receive the necessary information.

Option 2 | Certified Copies

If the applicant is not able to use HooYu, we can accept certified copies.

Please let your Mortgage Specialist know if you prefer to send certified copies.

Please send certified copies to: International Mortgage Team, NatWest International, 2 Athol St, Douglas, IM99 1AN

Your Mortgage Specialist may ask you to upload copies of the documents to the Broker Portal in the **Proof of Identify** section to allow us to progress the application while we wait for the certified copies to arrive.

3 | Instructions for certifying documents

Please use the Certification Template on page 3 as it contains everything we need.

Please don't send original documents.

Copies must be taken of the page(s) that verify the passport number, signature and photograph, if they are on different pages please certify both pages.

The document copy MUST be of good quality so that the applicant can be readily identified.

The certifier MUST have met the applicant in person and seen the original documents they are certifying.
